Dilon Technologies Appoints New Corporate Controller

Newport News, Virginia: September 29, 2008 – Dilon Technologies, a Newport News manufacturer and supplier of high-resolution molecular imaging systems, today announced the appointment of Michael Tiller to the position of Corporate Controller.

Mr. Tiller joins Dilon to provide leadership in finance and accounting. He brings many years of senior level financial management experience to Dilon Technologies; most recently as Manager of Finance with Ferguson Enterprises, Inc., the world's largest wholesale plumbing distributor. Previous positions held were as Tax Manager for the Newport News Shipbuilding and Drydock Company and Assistant Treasurer for Dollar Tree Stores, Inc.

Mr. Tiller holds a B.S. in commerce from the University of Virginia, is a Certified Public Accountant and Certified Treasury Professional. He is active in the local community and serves as Treasurer for the Hampton Roads Chapter of the American Red Cross. Mr. Tiller lives in Newport News with his wife and two children.

About Dilon Technologies

Dilon Technologies is bringing innovative new medical imaging products to market. Dilon's cornerstone product, the Dilon 6800, is a high-resolution, small field-of-view gamma camera, optimized to perform Breast-Specific Gamma Imaging (BSGI), a molecular breast imaging procedure which images the metabolic activity of breast lesions through radiotracer uptake. Many leading medical centers around the country are now offering BSGI to their patients, including: Cornell University Medical Center, New York; George Washington University Medical Center, Washington, D.C; and The Rose, Houston. For more information on Dilon Technologies please visit www.dilon.com.
